EDUCATION

Master of Computer Applications

GALGOTIAS UNIVERSITY

CGPA-7.7

Greater Noida, IN | 2022-2024

Bachelor of Computer Applications

GURU GOBIND SINGH INDRAPRASTH UNIVERSITY

CGPA-8.8

Delhi, IN | 2019-2022

Convent Of Gagan Bharti Sr. Sec. School

INTERMEDIATE-SCIENCE

Delhi, IN | 2017-2018

PROJECTS

NETFLIX CLONE

REACT,JAVASCRIPT,MONGODB,EXPRESS,REDUX,TAILWIND,AXIOS

- Developed a Netflix-like user interface with **dynamic movie listings** using data from **TMDB API**..
- Implemented **search functionality** to allow users to find movies by title.
- Built responsive movie cards and banners with **hover effects** for improved user experience.
- Used **React Router** for seamless navigation between different sections like trending and top-rated.
- Deployed the application on **Vercel**, ensuring fast load times and accessibility.

SPOTIFY CLONE

REACT,JAVASCRIPT,MONGODB,EXPRESS,TAILWIND,AXIOS

- Developed a music streaming platform with a **responsive UI** mimicking Spotify's design.
- Implemented **play/pause functionality** with controls for track playback, using custom audio player logic.
- Added user-friendly features like **search**, playlist display, and seamless **navigation** between categories.
- Deployed the application with smooth **performance optimization** for various screen sizes and devices.

WEATHER FORECASTING IOS APP

SWIFT,XCODE,UKIT,MAPKIT,COREDATA

- Developed a feature-rich iOS application using **Swift/SwiftUI** for a seamless and native user experience.
- Integrated **Alamofire** to fetch and manage API data efficiently, enabling real-time updates in the app.
- Used **CoreData** for local data storage and persistence, ensuring offline functionality.
- Ensured a smooth and intuitive user interface by leveraging **UIKit** or **SwiftUI**, providing responsive design and adaptability to different screen sizes.

SKILLS

Languages: ,JavaScript, Java, C++, Python, C#, PHP, Bash, C, SQL

Web Development: React, JavaScript, Next, Three, TypeScript, HTML/CSS

Technical: Data Structure and Algorithm, DBMS, OS, CN

Technology: Git, AWS, GCP, Azure, Docker, Unity, \LaTeX , MongoDB, DynamoDB

ACHIEVEMENTS

Leetcode 300+ Questions With a contest rating 1500+

CodeChef 3 Star

1214 Global rank and 615 India rank in Leetcode biweekly contest 133

1st position in quiz at Ministry of Electronics and Information technology
